ABOUT ME

I am a 19 year old freshman currently majoring in Computer Science at the University of Arkansas. I have a background in simple server management and web design.

SKILLS

EDUCATION

2018 - Current **Computer Science BS**
University of Arkansas, Fayetteville Arkansas

2014 - 2018 **High School**
Lincoln-Way East, Frankfort Illinois

EXPERIENCE

Mar. 2019 **4th place in Hackathon** **ACM Spring Hackathon (Sponsored by J.B. Hunt)**
Paced 4th out of 19 teams at the Spring 2019 Hackathon. Used serial output from arduinos to update a web server with showing loads of various trucks. The team was comprised mostly of freshman, and the source code can be found on my github in the spinghackathon2019 repo.
Node.js / C / HTML / CSS

AWARDS

Jan. 2018 **Eagle Scout with three palms** **Frankfort Troop 270**
I am an Eagle Scout that grew up in the scouting program. My Eagle Project was to build a Gaga Ball pit for our local park district, which involved weeks of planning, fundraising, and prepping to complete. The construction itself took three days and I led about 20 other Scouts in total during the process.

LANGUAGES

English - Native
German - Intermediate (3 Years)

CLUBS

ACM - 2 Semesters
Game Club - 2 Semesters
