ABOUT ME

I'm currently a student at the University of Arkansas, and focus primarily on web design, cloud management, and Node.js. I enjoy playing video games and have recently started learning the Rust programming language in my free time.

SKILLS

Ubuntu

Node.js

Java

HTML

CSS

Javascript

C++

Git

Flutter

EDUCATION

2018 - 2022 **Computer Science BS**
University of Arkansas, Fayetteville, Arkansas

2014 - 2018 **High School**
Lincoln-Way East, Frankfort, Illinois

LEADERSHIP EXPERIENCE

2018 - 2020 **J. B. Hunt Hackthon team lead** **ACM Hackathon**
During my time in college, I have led several hackthon teams with a variety of different members and skill levels. My current team is Team Goose, which has competed twice with relative success. You can find our projects on github at <https://github.com/Team-Goose>
Node.js / Dart / Firebase

2016 - Current **Library Page** **Frankfort Public Library**
My job at the library involves maintaining organization and assisting in various events. I have also helped in training many of the other Pages working at the library today.

AWARDS

Jan. 2018 **Eagle Scout with three palms** **Frankfort Troop 270**
Being a scout is an important part of my life, and I credit my time with my troop for giving me the leadership skills I have today. The most important part of getting to Eagle Scout, the highest rank in scouting, is by doing an Eagle Project, and mine involved coordinating funding, supplies, and volunteers to create playground equipment for my local park district. The finished product was the culmination of over half a year of organization and the help of more than 20 volunteers.

LANGUAGES

English - Native
German - Intermediate (3 Years)

CLUBS

ACM - 4 Semesters
UARK Esports - 4 Semesters
